## **IMPORTANT - HURRICANE PREPAREDNESS INFORMATION**

September 6, 2017

Dear CCHRA Residents,

As you are aware the Charleston County area may impacted by Hurricane Irma and a state of emergency has been declared for the state of South Carolina. To assist you in preparedness, we are providing a Fact Sheet on What You Need To Do To Prepare For a Hurricane. Please apply to your individual situations for your families accordingly. We hope that the Charleston area experiences minimal impact from the storm. However, we strongly advise you to prepare now and provide yourselves time to plan to evacuate if necessary. Please contact any family and/or friends that can assist you with evacuation now in case to you need to. We must advise you that if an evacuation is ordered and you do not evacuate, the response time by CCHRA and public safety officials may be greatly delayed. CCHRA may not be able to address damages to our buildings and units for several days. Public safety officials may not be able to provide you with immediate assistance.

Notices will be posted for shelters that are available in the local area. Please remain updated through our local media sources on the status of the impending storm. We hope that you take any evacuation orders seriously as the nature of this storm is significant. We want you and your families to remain safe and free from injury.

Thank you for your attention to this matter. If you have any questions, our Management and Maintenance Staff are here to assist you.

Sincerely,

*Melissa Maddox-Evans, CEO*
